PROJECT LIFECYCLE

A VAST PORTFOLIO OF PROJECTS SUCCESSFULLY COMPLETED ON TIME.

ENVIRONMENTAL ENGINEERING
Strategy, systems and delivery

WASTE & PNEUMATIC SYSTEMS
Chutes, PWC and treatment solutions

MECHANICAL SOLUTIONS
Equipment, ducting and specialist works

PORTFOLIO

A project platform built across markets

Contra Contracting & Trading carries forward two decades of specialist delivery experience.

EXPERIENCE THAT CONTINUES

Contra Contracting & Trading carries forward the project experience, technical capability and market relationships established by Contra International Doha. The portfolio spans environmental engineering, waste-management systems, pneumatic waste collection, chute systems, mechanical equipment, pumps, heat exchangers, ducting and related specialist works.

PORTFOLIO PRESENTATION

Projects are organized by country for fast reference. Where one project includes several technical scopes, those scopes are consolidated under one project entry. Separate contracts, packages and clients remain individually listed.

CHUTE SYSTEMS

Garbage and linen chutes, cleaning systems and associated controls.

PNEUMATIC WASTE COLLECTION

Collection networks, discharge interfaces and specialist PWC works.

MECHANICAL EQUIPMENT

Pumps, heat exchangers, fire pumps and equipment packages.

DUCTING & EXHAUST

Pre-insulated ducts, exhaust systems and specialist air-handling works.

WASTE TREATMENT

Landfill, leachate treatment and environmental infrastructure experience.

DELIVERY SUPPORT

Engineering, supply, installation, commissioning and lifecycle support.
